DATE MAILED: 03/05/2004

Please find below and/or attached an Office communication concerning this application or proceeding.

**Advisory Action**

Application No.

10/044,157

Applicant(s)

BLAKE, ARTHUR JOSEPH

Examiner

Steven Ashburn

Art Unit

3714

**--The MAILING DATE of this communication appears in the cover sheet with the correspondence address --**

THE REPLY FILED 18 February 2004 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE. Therefore, further action by the applicant is required to avoid abandonment of this application. A proper reply to a final rejection under 37 CFR 1.113 may only be either: (1) a timely filed amendment which places the application in condition for allowance; (2) a timely filed Notice of Appeal (with appeal fee); or (3) a timely filed Request for Continued Examination (RCE) in compliance with 37 CFR 1.114.

**PERIOD FOR REPLY [check either a) or b)]**

- a)  The period for reply expires 5 months from the mailing date of the final rejection.  
b)  The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.  
**ONLY CHECK THIS BOX WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).**

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1.  A Notice of Appeal was filed on \_\_\_\_\_. Appellant's Brief must be filed within the period set forth in 37 CFR 1.192(a), or any extension thereof (37 CFR 1.191(d)), to avoid dismissal of the appeal.
2.  The proposed amendment(s) will not be entered because:
  - (a)  they raise new issues that would require further consideration and/or search (see NOTE below);
  - (b)  they raise the issue of new matter (see Note below);
  - (c)  they are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or
  - (d)  they present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: \_\_\_\_\_.

3.  Applicant's reply has overcome the following rejection(s): \_\_\_\_\_.
4.  Newly proposed or amended claim(s) \_\_\_\_\_ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).
5.  The a) affidavit, b) exhibit, or c) request for reconsideration has been considered but does NOT place the application in condition for allowance because: See Continuation Sheet.
6.  The affidavit or exhibit will NOT be considered because it is not directed SOLELY to issues which were newly raised by the Examiner in the final rejection.
7.  For purposes of Appeal, the proposed amendment(s) a) will not be entered or b) will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.

The status of the claim(s) is (or will be) as follows:

Claim(s) allowed: \_\_\_\_\_.

Claim(s) objected to: \_\_\_\_\_.

Claim(s) rejected: 1-4,6-13,15,17-25,28,29,33 and 35.

Claim(s) withdrawn from consideration: \_\_\_\_\_.

8.  The drawing correction filed on \_\_\_\_\_ is a) approved or b) disapproved by the Examiner.

9.  Note the attached Information Disclosure Statement(s)( PTO-1449) Paper No(s). \_\_\_\_\_.

10.  Other: See Continuation Sheet

  
MARK SAGER  
PRIMARY EXAMINER

Continuation of 5. does NOT place the application in condition for allowance because: The applicant's arguments have been fully considered but are unpersuasive. The applicant argues that Ghassemain does not disclose a surge protector. The examiner respectfully disagrees. See Office Action dated Oct. 6, 2003 (paper no. 9), p. 2. In particular, fig. 3 of Ghassemain illustrates a surge protector. Notably, even if the illustrated item is not in fact a surge protector, the shape and structure would still suggest the feature to an artisan. Furthermore, the applicant argues that Brown does not disclose a controller clip configured to cradle a video game controller. The examiner disagrees. See Office Action dated Oct. 6, 2003 (paper no. 9), pp. 4-5. A computer mouse is a type of video game controller. Still furthermore, the applicant argues that the prior art does not teach or suggest a housing including mounting feet disposed on the top surface. The examiner disagrees. See Office Action dated Oct. 6, 2003 (paper no. 9), pp. 10-11. Still furthermore, the applicant argues that claim 11 has not been rejected. The examiner disagrees. See Office Action dated Oct. 6, 2003 (paper no. 9), p. 6.

Continuation of 10. Other: The amended claims are rejected for the reasons set forth in the Office Action dated Oct. 6, 2003 (paper no. 9)..
